Dear Garin:

PADI recently received a very complimentary evaluation questionnaire from Caroline K. Grzeschke, who participated in a PADI Discover Scuba Diving program at your facility. Caroline was very satisfied with the training received and also specifically mentioned the outstanding service provided by your staff.

Professional effort and dedication such as that described in this consumer's letter help to keep the PADI organization at the forefront of diver education and service. We would like to extend our appreciation to you and your staff for the fine job you are doing representing PADI.

Best wishes for continued success in all your diving activities.

Sincerely,

Neil Fishburne  
Group Manager, Training, Quality Management and Memberships
